

Protection against unwanted intruders

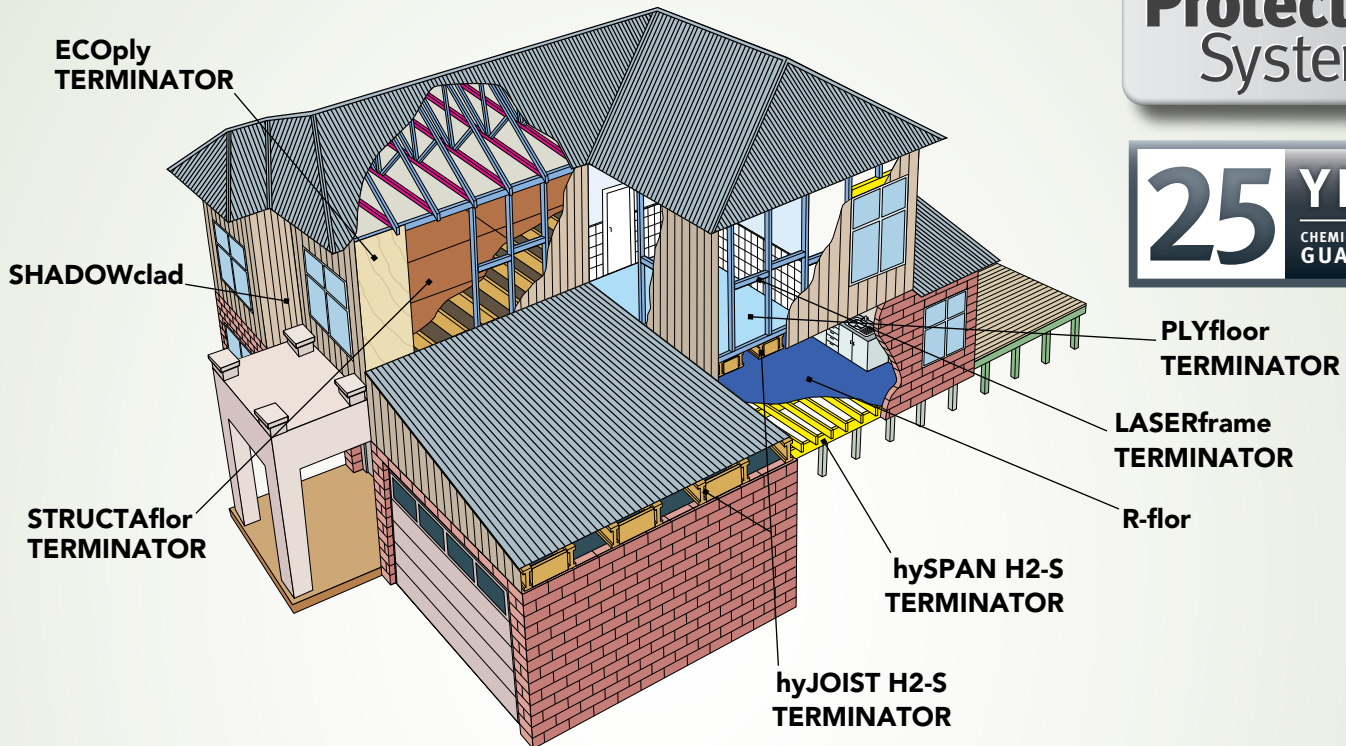

The natural solution for you.

Woodproducts Australia

Whole of house protection

A new home is a large investment. So it's natural to want to protect it from termite and borer damage.

The TERMINATOR® Protection System covers you for 25 years* against termite damage to any TERMINATOR treated structural element. These include engineered beams and joists, structural framing and flooring.

Extra protection for a fraction of the cost

The Carter Holt Harvey TERMINATOR Protection System provides peace of mind and may even add to the future resale value of your home. For a fraction of the cost of repairing termite damage the structural timber elements of your new house are termite protected from day one. Termites are active in most parts of Australia and all houses may be targets – even those with steel framing and masonry walls.

Including termite protected structural elements in your new house is a smart choice and now is the right time to make a decision. Appliances, fixtures and fittings can be upgraded at a later date, but your new house's frame, flooring and joists are with you forever.

25 year transferable guarantee*

All products in the TERMINATOR Protection System come with a 25 year guarantee*. You don't need to keep topping up chemicals or organise annual inspections to maintain your guarantee. And the guarantee is transferable to the new owner if you sell your home.

A quality brand you can trust

The Carter Holt Harvey TERMINATOR Protection System is the smart choice. You are selecting timber products manufactured by Australia's leading wood products company.

A responsible choice

Carter Holt Harvey TERMINATOR products are made from renewable plantation pine and treated with government approved (APVMA) plant based insecticides commonly found in household and garden pest sprays. It's safe for humans, but lethal for borers and termites.

Who to talk to

Talk to your builder, architect or timber supplier today about upgrading your new house to include the Carter Holt Harvey TERMINATOR Protection System. Additional product information is available at www.terminator.net.au Phone: 13 23 21

*The guarantee is provided by the chemical supplier for the benefit of the property owner. It is a limited and conditional guarantee covering the provision of replacement product in Australia. The full terms and conditions are available at www.chhwoodproducts.com.au/guarantees
